

Quality Dental Ingredients

From Drops to Drums

Whether your needs are in R&D, scale-up or commercial production, Spectrum Chemical is your safe, reliable source for the highest quality ingredients available in the dental and oral hygiene markets. Our chemical products may be purchased in small volumes suitable for the research laboratory, or in large volumes suitable for the production plant. Our business is built to support your business' growth, including sourcing, analysis, packaging and reliable delivery of a wide variety of chemicals for a range of industry needs.

Quality Ingredients for More than Four Decades

We have served the Pharmaceutical, Nutraceutical, Food & Beverage, Cosmetics, Medical Device, Biotech, Academic, and Government industries for over 40 years, and are committed to being the most reliable source for your chemical and ingredient needs. We've established ourselves as a responsive and financially stable source for all your chemical supply needs. Spectrum Chemical is certified to ISO 9001:2008 and ISO 17025:2005 standards and we strictly adhere to current Good Manufacturing Practices (cGMP). Through Spectrum's Integrated QualitySM (IQ) program, all of our chemicals undergo stringent analytical testing to ensure these quality standards.

Smile – We've Got Your Dental Products Covered

The future is bright when you use Spectrum Chemical's dental and oral hygiene products. We offer the highest quality chemicals and ingredients available in the dental and oral hygiene manufacturing segment. These components include sanitizers, disinfectants & sterilizers, antibiotics, tooth whiteners, anesthetics, dental cements, flavors, sweeteners, coloring agents and ingredients for toothpastes, mouthwashes, and other dental products. Our deep understanding of global regulatory practices ensures compliance with FDA, DEA, ICH, WHO and other regulatory bodies.

About Spectrum Chemical

Founded in 1971, Spectrum Chemicals & Laboratory Products, a division of Spectrum Chemical Mfg. Corp., is a manufacturer and distributor of fine chemicals and laboratory products and offers the largest selection of monograph chemicals for manufacture of food, drug and personal care products available from a single source. Spectrum has in place the documentation, validation, and qualification systems expected by all quality-driven organizations regardless of their industry's requirements. Our company's management is headed by Prem Jain, MS/MBA, Ph.D., President and CEO since 2011. Dr. Jain brings more than 40 years of experience in the global chemical industry, including 10 years with Spectrum Chemicals. Dr. Jain is supported by a qualified staff of highly trained business, sales, marketing, scientific and customer service professionals. Together, the Spectrum team is dedicated to providing fine laboratory chemicals, supplies and equipment to our customers for the best quality, safety and reliability.
